

*19<sup>th</sup> Century Scandinavian Literature*  
Syllabus

This is a distance course. All materials are found on-line. You will need to buy the texts for the course at Underground Bookstore. Your responsibilities are to read the texts, watch the lessons on-line, post daily to the discussion boards, do the daily quizzes, and complete one take-home exam at the end of the four weeks. This is a summer course, which means that the pace is fast. Do not let yourself get behind. All quizzes and discussion postings must be done no later than Sunday of the relevant week, or the end of the review day in the case of the final week. Those of you taking the course as Scandinavian 424 will need to read the texts in the Scandinavian languages; there will be an extra assignment regarding this. Those of you signed up for 4 credits will be writing a paper and need to see the syllabus for papers.

- July 17: Introduction: become acquainted with the Learn@UW site and introduce yourself to the people in your discussion section. Read ahead to lesson 1.
